

AltMV WT

Price: 400 € (50 µg) for buy contact us at info@diamante.tech
DESCRIPTION

Product name: *Alternanthera Mosaic Virus (AltMV) wild type* Virus Nanoparticles (VNPs)

Product description: Recombinant VNPs derived from AltMV produced in *Nicotiana bethamiana* by *Agrobacterium-mediated* transient expression

Description

Expression host species: *Nicotiana bethamiana*

Uses: For research use only. Examples include SDS-PAGE, Western Blot

Specification

Purity: > 90%

Biological activity: N/A

Concentration: 0.5 mg/mL

Aliquote size: 1 x 50 µg

Storage

Formulation: 20% Sucrose

Shipping: recombinant VNPs are provided in dry ice

Stability and Storage: recombinant VNPs are stable at -20°C up to 24 weeks
